<p>Top tips for new members, and parents of younger athletes</p>	<p>Attending your first proper competition can be daunting, but it needn't be. Here are some tips to help you enjoy the experience!</p> <ol style="list-style-type: none"> <li>1. Remember to pack your vest and spikes (if needed) – most events require you to wear your club vest.</li> <li>2. Arrive in plenty of time - if the race is due to start at 11.30, try not to arrive at 11.25! For league matches, your coaches need to sort out teams on the day, so the earlier you arrive the easier it is for all involved.</li> <li>3. Look for the Birtley colours and coaches (or our flag + tent at cross-country races). For a lot of the events, Birtley AC will have already registered you, but you will still need to get your number from one of the coaches, and let them know you've arrived.</li> <li>4. Certain events (e.g. North Eastern Athletics League) require registration on the night – sign up for the events you wish to compete in, then you will be given a number.</li> <li>5. Bring a good supply of safety pins to attach numbers to your vest (usually two numbers - one for the front and one for the back = 8 safety pins).</li> <li>6. Most YDL matches begin at 11.30 on a Sunday and last for most of the day – bring lunch! Most venues have space on grass for chairs etc. if it's a nice day.</li> <li>7. If transport (or time) is a problem, please remember that our members are very friendly and will help out with car-sharing etc. if possible.</li> <li>8. Cross-country can sometimes be cold and wet – remember to bring a change of clothing and a big bag for the muddy stuff!</li> <li>9. Remember to warm up and then cool down after the event(s).</li> <li>10. Remember, you may not win, but participation is important, and this is especially so in league matches, where the club can gain valuable points for every member who competes. We also gain points for running certain field events – please help out if you're asked to do so by a team manager, or even better – volunteer your services at the start of the match!</li> <li>11. Results are often displayed on the day (usually near the reporting box), but if not, they can usually be found online – search for the particular event and you will usually find a link to results, <a href="http://www.harrierleague.com">www.harrierleague.com</a> for xc, or for a good general site look at <a href="http://www.thepowerof10.info">www.thepowerof10.info</a>, with athlete profiles, PBs plus links to most main events.</li> <li>12. Try to perform to the best of your abilities at all times, but more importantly, ENJOY IT!</li> </ol>
